*It was the best of times,
It was the worst of times,
It was the age of wisdom,
It was the age of foolishness,*

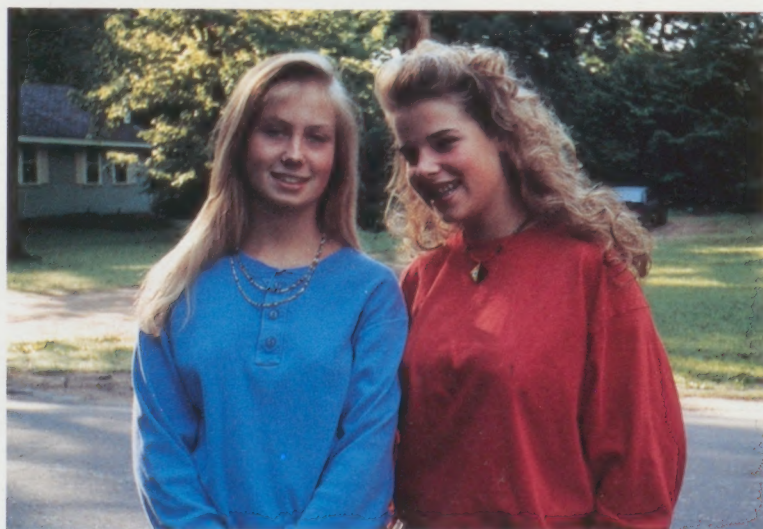

*We had everything before us,
We had nothing before us,
We were all going direct to
Heaven,
We were all going direct the
other way.*

-A Tale of Two Cities / Charles Dickens

Born to be wild...

*Sometimes we live no particular way but our own
 Sometimes we visit your countries
 And live in your homes
 Sometimes we walk alone
 Sometimes the songs that we hear
 Are songs of our own.*

-Eyes of the World / Grateful Dead

What lies behind us, Are tiny matters

*Let's start in style
Let's dance for a while
Heaven can only wait we're only watching the skies
Hoping for the best but expecting the worst
Are you gonna drop the bomb or not
Let us die young or let us live forever
We don't have the power but we never say never
Forever young,
I want to be forever young
Do you really want to live forever
Forever. . forever. . Forever Young.*

-Forever Young / Alphaville

*Take it easy
Don't let the sound of your own wheels
make you crazy
Come on baby, don't say maybe
Lighten up while you still can
Just find a place to make your stand
And take it easy
We may lose and we may win
But we'll never be here again.*

-Take It Easy / The Eagles

*and what lies before us,
compared to
What lies within us.*

-Ralph Waldo Emerson

*They say there's a heaven for those who wait
Some say it's better
But I say it ain't
I'd rather laugh with the sinners
Than cry with the saints
The sinners are much more fun
Only the good die young.*

-Only the Good Die Young / Billy Joel

*Look around me
I can see my life before me
Running rings around the way it used to be
I am older now
I have more than what I wanted
But I wish that I had started long before I did
And there's so much time to make up
Everywhere you turn
Time we have wasted on the way.*

-Wasted On the Way / Crosby, Stills, and Nash

D HIGH SCHOOL

PARKING
LANE

Baby, baby it's a wild world. . .

*I close my eyes
Only for a moment
And the moments gone
All my dreams
Pass before my eyes in curiosity
Dust in the wind
All they are is dust in the wind
Now don't hang on
Nothing lasts forever but the earth and sky
It slips away
And all your money won't hold another
minute by
Dust in the wind
All we are is dust in the wind.*

-Dust in the Wind / Kansas

*All that you touch
All that you see
All that you taste
All you feel
All that you love
All that you hate
All you distrust
All you save
All that you give
All that you deal
All that you buy
beg, borrow or steal
All you create
All you destroy
All that you do
All that you say
All that you eat
everyone you meet
All that you slight
everyone you fight
All that is now
All that is gone
All that's to come
And everything under the sun is in tune
But the sun is eclipsed by the moon.*

-Eclipse / Pink Floyd

*Imagine there's no heaven
 It's easy if you try
 No hell below us
 Above us only sky
 Imagine all the people
 Livin' for today
 Imagine there's no countries
 It isn't hard to do
 Nothing to kill or die for
 And no religion too
 Imagine all the people
 Livin' life in peace
 You may say I'm a dreamer
 But I'm not the only one
 I hope some day you'll join us
 And the world will live as one
 Imagine no possessions
 I wonder if you can
 No need for greed or hunger
 A brotherhood of man
 Imagine all the people
 Sharing all the world
 You may say I'm a dreamer
 But I'm not the only one
 I hope some day you'll join us
 And the world will live as one.*

-Imagine / John Lennon

*If I leave here tomorrow
 Would you still remember me
 I must be traveling on now
 Because there's too many places
 I've got to see.
 If I stay here with you girl,
 Well things just couldn't be the same
 Because I'm as free as a bird now
 And this bird you'll never change
 And this bird you'll never change.*

-Freebird / Lynyrd Skynyrd

Appreciation

We the class of 1993 would like to take this opportunity to express our gratitude to our distinguished class advisors, **Mr. Larry Katulka** and **Ms. Robin Sorensen**.

We appreciate all of the hard work and perseverance that they have given us during our years at Suffield High School. They have encouraged and supported us while we set goals and accomplished class projects. This has contributed to the success of the school and our class. Both have provided us guidance and demonstrated real dedication.

Thank you!

-The Class of 1993.

A Farewell Message From Our Advisors . . .

"You, the class of 1993, are entering a struggle you did not start, in a world you did not make. It may be the fate of your class to deal with a difficult world, that is filled with challenges and obstacles. Each of you takes pride in being different — yet if we cannot end our differences, our world will never be safe for diversity. For in the final analysis, we all live on the same earth, breathe the same air, and cherish the future — our children's future."

*-Larry Katulka
-Robin Sorensen*

The Class of 1993 ...

Hi! My name is Tiina Linna and I live in Parkano, Finland. My hometown is small (and boring!), just as Suffield is. Suffield High School is the same size as my high school, too. But lunch is free in Finland, and students walk or ride bikes instead of taking buses. Nowadays, it is hard to find a job in Finland, but I hope that this becomes better soon. I have been here for only two months, and I really like it here. Everyone is kind and helpful. I feel at home, and I want to thank everybody who has made me feel this way.

Hello, my name is Edurne Zenarrozabeitia. I came to Suffield from a small country in Spain named Euskal Herria. It has been hard for me to get used to it here because there is so much freedom in my school. I like America, but I wish I was home with my friends and family.

My name is Jens Helm. I am from Germany. I like it a lot in Suffield. The high school is very different from my school in Germany. The grading system is different. The German teachers don't grade the homework as much as the American teachers. We only have a few tests during the year, but these tests are the main part of our final grade. What I really like about the high school is the sports. You have much more possibilities to do different sports than in German schools.

Hi, my name is Ulrika Palm. I'm from Stockholm, the capital of Sweden. In Sweden, I have two more years of gymnasium (or high school) when I get home. My school is old and too big (2500 students!), and I think Suffield High is a very nice school. School days are shorter here, and there are no buses or subways. But I love the United States, and I want to thank those who made it possible for me to spend ten months here!

Do you know a little country called Belgium? That's the name of my country. So now that you know my country, maybe you want to know my name! I am Diane Lecomte, and I have been here for one month. I really enjoy American life, especially life in Suffield. I have had so much fun here, even in school. The teachers, the pupils, the subjects, the mood — everything is perfect! I hope it will be like this all year!

Teacher of the Year

The 1992-1993 Teacher of the Year for Suffield is Mrs. Shirley Ryan!

The Suffield Teacher of the Year Program began in 1984 to recognize the teaching profession and to honor excellence in teaching. Teachers are nominated, in writing, by any employee of the Suffield Public School System. The Teacher of the Year Committee, comprised of representatives from each of the employee groups, review each nomination form along with additional information, interview each candidate, and select the Teacher of the Year through a voting process. This person may also choose to participate in the Connecticut Teacher of the Year Program for the following school year.

Mrs. Ryan is most easily recognized by her generous smile, her warm, outgoing demeanor, and her quick sense of humor. Her students describe her as both funny and strict at the same time. She is known for her ability to motivate the reluctant learner, to gently encourage the discouraged while maintaining high standards. When asked why students work so well for her, she replied, "Well, I see where they are. I accept them, then we go from there." In a word, Mrs. Ryan can best be described as "caring".

When asked what the best part has been as Teacher of the Year, she quickly replied, "*The parking sign*," (referring to the reserved parking sign each Teacher of the Year receives which is placed in the space of his/her choice for the duration of their employment in Suffield), "*but seriously, the fact that my peers have recognized me. It is still a thrill when people mention it. Being included in the yearbook is yet another honor I really appreciate.*"

Shirley Ryan is a fourth grade teacher at Spaulding school. Her 21 years of teaching experiences have spanned grades K-4, 11 of which were at Bridge Street School as a first and second grade teacher. Shirley presently serves on seven committees and has been involved with three others in the past. After attending two summer sessions at the University of New Hampshire, she implemented process writing in her classroom and supported other teachers as they made the transition. She continues to share this knowledge by presenting workshops for teachers and parents. Shirley feels that no one aspect of her class or her teaching stands out- she finds all of it exciting.
